Madison, Wis.—Mrs. Oscar Day, of 1806 Monona Ave., Fair Oaks, this town, says: "Before my baby was born, I suffered terribly with womanly troubles and nervousness, and was living in a state of fear all the time."

One day, an old friend of mine, who, by the way, is a nurse, and goes around to all cases, brought me a bottle of Cardui, the woman's tonic, and told me to keep on taking it right along. I did, and felt much better after the first bottle. I kept on taking it, and had as little trouble as anybody could wish for. Feeling very good now.

There never was a better medicine for women than Cardui, and I will recommend it to any one who is in need of it. This nurse uses Cardui with her patients, so it is well known all around here.

I am never without a bottle of Cardui in my home."

We urge you to try Cardui, the woman's tonic, for your troubles. It will help you over the hard places, just as it has thousands of other women.

Don't delay. Begin taking Cardui today. You won't regret it.
